DJ'S Fund Raising Tips

Determine Your Dates for

- Starting date of your sale
- Collecting order sheets
- Calling in your order
- Delivery

*The sky's
the limit!*

Sales Brochures (Order Form)

- **Order your sales brochures at least two weeks before you begin your sale.** You may call us at **800-634-5934** to receive your brochures. We always send extras for your convenience. Please let us know at this time if there are any changes to your address.

Make People Aware of Sale

- **Let your area know a sale is coming.** Most local newspapers, TV and radio stations are more than willing to help advertise for a nonprofit group at no expense to you.
- **You've Got Mail.** Three words that can make a good sale great. E-mail is today's way to send a message about your sale and to get orders from customers you may not be able to reach in other ways.
- **Your students will be better received if people are aware beforehand.** Be sure to stress that you are selling high quality products and that the money is used for your chapter.

Selling Instructions

- **Each member should be given complete instructions on how to use the sales brochure.** Everyone should know how to complete the Order Form, what the correct prices are, when to turn in their Order Forms and when to expect delivery.
- We leave it to your discretion whether to collect for the product at time of sale or time of delivery.

Ordering

- To turn in your order you may call **800-634-5934** or FAX us at **918-569-4249**.
- An order form is provided in your packet.
- We will notify you the week before your delivery to let you know the exact day of delivery.
- **ORDER BY CASE LOTS.**

Receiving Your Order

When you receive your product, please remember the ABC's of unloading:

- **Always count your product** as it comes off the truck.
- **Be sure to group each product** by itself.
- **Count each item again** after your entire order is unloaded.
 - The Sale advisor and the truck driver should count the order together. All discrepancies - shortages, damaged product, etc. should be noted at this time.
 - At times, our drivers carry extra product on the truck. If you add to your order, please note it at this time.

Invoicing

- **You will receive a copy of your invoice at the time of delivery.** Please pay from this copy. If there are any changes to your order, our office will issue an invoice to cover any additions or a credit memo to cover any shortages and a copy will be mailed to you.
